CABOT GRANITE QUARRIES

Situated at PITITES, Newfoundland.

W. J. ELLIS, Proprietor,
ST. JOHN'S, NFLD.

Having opened the above named Quarries, I am prepared to fill orders for large or small quantities in blocks of almost any dimensions. For Monumental or Decorative Work this Granite is very suitable, it being of a nice red and also a light grey color, and capable of taking a high polish; apart from this it is admirably adapted for Building, Paving or other purposes. Owing to its peculiar formation it can be taken from the Quarry in thickness from three inches to three feet, from one to eight feet wide, and up to fourteen or sixteen feet long, almost all of these sizes can be taken out in parallel thickness and widths. Ships of any draught can lay along side Quarries, this making facilities for shipping exceptionally convenient. In consequence I can quote lowest figures.

WM. J. ELLIS, - 11 Commercial Chambers, St. John's, Nfld.

YOUNG CANADA!

BY JOHN IMRIE, TORONTO, CAN.

Young Canada! Arise! Arise!
Let wisdom open wide your eyes,
Be lulled by neither threats nor lies,
Stand well the test of nations!

Though others sell their birthright cheap,
Be ours inviolate to keep
The rights and liberties we reap
Through contact with great nations!

Be true to country, Queen, and laws,
Defend the "Statutes" clause by clause,
Stand by the right and Freedom's cause
A peer among the nations!

Our sires were men of noble birth,
'Mong nations foremost on the earth
Where mountains rise, and seas engirth
The glad homes of free nations!

Our heritage—from sea to sea—
A glorious home for men shall be,
As long as they shall dare be free,
And stand among the nations!

Our boast shall be "The Maple Leaf!"
Our toil's reward—the golden sheaf!
Enough for us, and for relief
Of other poorer nations!

We envy not our neighbour's land,
We'll guard our own with sword in hand,
And by our attitude command
Respect from other nations!

JOHN IMRIE'S POEMS, containing about 350 pages, neatly bound in cloth and gold, will be sent, post paid, on receipt of one dollar. IMRIE, GRAHAM & CO., 31 Church St., Toronto, Canada. Only a few copies left.

LEARN TO SAY "NO!"

BY JOHN IMRIE, TORONTO, CAN.

When ye wad gae wrang—say "No!" to yoursel'!
"No!" to yoursel'!—"No!" to yoursel'!
Each time you resist far stronger you'll be—
Wipe dust frae your specks—much clearer you'll see—
Don't crouch like a slave—be manly and free!
And learn to say "No!" to yoursel'!

When Passions wad rule—say "No!" to yoursel'!
"No!" to yoursel'!—"No!" to yoursel'!
Let Love, Honour, Truth, and Virtue be yours—
The sunshine o' life—life's bonnie wee flowers—
They'll sweeten the cup o' your fadin' hours!—
Dae richt—an' say "No!" to yoursel'!

Whan Temper wad rise—say "No!" to yoursel'—
"No!" to yoursel'—"No!" to yoursel'!
Wha rules his ain heart is mair than a king,
A richer reward than jewels 'twill bring,—
When tempted to scold just smilingly sing!—
I've learned to say "No!" to mysel'!

When tempted to drink say "No!" to yoursel'!
"No!" to yoursel'!—"No!" to yoursel'!
Just think o' yer wife, yer hame, an' yer weans,—
Taunts frae yer cronies will ne'er brak yer banes—
Weak-minded men get Remorse for their pains,
By NOT saying "No!" to theirsels'!

To a' Satan's wiles say "No!" to yoursel'!
"No!" to yoursel'!—"No" to yoursel'!
Dinna get crookit, cross, cranky, nor fu'!
Let God's gouden rule be motto for you,
He'll gie ye a place wi' leal folk an' true,—
An' help ye say "No!" to yoursel'!

RUPTURE. 14—YEARS EXPERIENCE—14

During which time a great many ruptured people have been cured by my patented appliance. SEND FOR TESTIMONIALS.

To Whom it May Concern :—My Hernia Support has cured a much larger percentage of ruptured people than any Truss or Injection in America. I can prove it. Every appliance I adjust I keep in good repair free of charge while it is necessarily in use. Every appliance is constructed and adjusted especially to suit each case. I have been granted more patents for Improvements on Trusses than any man in Canada. No matter how large the rupture or how hard to hold, I will pay your fare both ways if you can force it down in any position with my new Retainer on. Size or age immaterial.

Learn to Stuff Birds!

Learn Taxidermy!

Learn To-Day!

Because Success is Guaranteed from the Start!

Because the Work is Pleasant as well as Profitable. A Collection of Birds is both Beautiful and Valuable. Birds, Animals, Fish, Reptiles, Etc., may be preserved with little trouble, as records of the day's chase.

Boys, girls, men and women can do nice work from the start, and can become expert in one week Mounted birds find a ready sale; besides you can make money teaching your friends. Every school should have a collection of native birds and animals.

Taxider is a compound of wonderful embalming power. It is not necessary to skin birds or animals when using Taxider. Birds when mounted with Taxider become as hard as stone, and will last a thousand years undisturbed by moth or time. No tools required except those that everyone has. One box Taxider is enough to mount 30 birds the size of a quail, with full instructions for mounting everything. Also instructions for tanning skins for rugs, etc.

PRICE $1.00.

SEE WHAT ONE MAN SAYS

TACOMA, WASH., Aug. 9, 1898.—MR. F. L. ACKLEY: I received the box of Taxider some time ago. It works fine. I have just finished mounting a beautiful swan. I have already a nice collection of birds, and a class of seven boys. It is really wonderful how it works. The very first bird I mounted was a success. Please find enclosed money order for one dozen boxes. Please rush, as I am in quite a hurry. Thanking you for past favors,

I remain truly yours, J. H. FLANDERS, Tacoma, Wash.

I have letters like this from hundreds of people, and all are having success. Send for a box to-day. You can learn in one hour. Remember, success is guaranteed from the start. Liberal discounts to agents Taxider is manufactured by

CANADIAN TEXTILE DIRECTORY.

563 Pages Substantially Bound in Cloth, Price $3.00.

THE CANADIAN TEXTILE DIRECTORY gives facts and figures about the textile trades of Canada which have been attempted in no other work. It contains not only lists of all the general stores, retail dry goods dealers, hat and fur dealers, clothiers, haberdashers, tailors, milliners, etc. (the retail lists contain over 19,000 names), but all the wholesalers and commission merchants or manufacturers, agents in similar lines, and all the mills and factories engaged in manufacturing fabrics connected with the textile and kindred trades. It gives a full list of the boards of trade, commercial travellers' associations, and dry goods and kindred associations, and an immense amount of statistical information, such as the details of the imports and exports of dry goods, etc., the tariff of Canada, of the United States and Newfoundland, sterling exchange rates, etc.

As an example of the information given in the lists of manufacturers, the following shows the form of report of the Woolen Mills: Name and address of Proprietors, and names of the Officers (if a joint stock company), the capacity in sets of cards, looms and spindles, when established, whether water, steam or electric power, description of goods manufactured, whether the mill has a dye house, and names of selling agents, if any. Corresponding information is given concerning the other mills, of which the following is a list: Asbestos miners and manufacturers, manufacturers of awnings, batting (wool and cotton), bedding, binder twine, braids, buttons, caps, carpets (including hand loom weavers), children's wear, cloaks, clothing, collars, cuffs, cordage, corsets, cottons, embroidery, feathers, felts, flags, flax, fringes, furniture, gloves, hair cloth, hats (straw, felt and cloth), haberdashery, horse covers, hosiery, jute goods, lace, ladies' wear, mantles, mats, mattresses, men's furnishings, millinery, mitts, neckwear, oil cloth, oiled clothing, overalls, paper, pulp, pins, print goods, regalia, rope, rubber goods, sails, tents, shirts, shoddy, felt, straw goods, suspenders, tarpaulins, tassels, thread, tow, trusses, linens, umbrellas, upholstery, wadding, water-proof garments, webbings, window shades, worsteds, etc. The woolen mills include the carding mills, manufacturers of tweeds, blankets, flannels, yarns, homespuns, and all other piece goods, carpets, felts, and all kinds of knitted fabrics. The cotton mills include all classes of cotton piece goods, yarns wadding, batting, etc. There is also a complete list of the tanners and curriers, laundries, dyers, dealers in raw wool, furs, etc.

HUMANITARIANS tell us, and their conclusions are undoubtedly correct, that in the history of the world the inordinate or excessive use of strong drink has been the cause of more suffering, has wrecked and blighted more lives and homes than all the wars and pestilences that have ever ravaged on earth. Science has again come to the rescue of humanity, and as Dr. Jenner in the 18th century discovered the great antidote for the dreaded scourge—small-pox—so Dr. Keeley, in the latter part of the 19th century, has given to mankind a scientific discovery for the treatment and absolute cure of Inebriety and the Morphine Habit. The continuous indulgence in alcoholic liquors or morphine becomes a habit, and men and women who become addicted to these habits are bound to them with hooks of steel. In the course of time they become diseased, and there is no remedy under heaven that will cure them absolutely but Dr. Keeley's wonderful treatment. Every man and woman now suffering from these diseases can be cured if they so desire. If they do not want to be CURED TO STAY CURED we do not care to treat them.

It is a difficult matter for the drinker to determine how far he can go before the habit gives way to the disease callen alcoholism. Most people understand that alcohol, taken into the stomach id different liquors, remains in its origi state—in other words, is not digest changed. The stomach can no digest alcohol than it could a piece pipe. The alcohol passes into the thence to the brain, where the mi is worked.
